

Maximize your security. Minimize the damages.

Cyber insurance has taken on a new meaning for the retail industry in the wake of the large headline-making breaches of 2015. Buyers are facing increasing scrutiny of their network security protocols and how they safeguard the valuable information of their customers. In addition to change in cyber security standards, retailers are also facing additional exposure as supply chains expand and trading partners become global partners. Let us help. Nationwide's enterprise cyber insurance coverage for Retail is a service-based solution designed to enhance your organization's cyber risk profile. Not only do you have a creative solution that fits your needs, but policyholders have access to loss prevention services, breach response and remediation expertise, and an experienced claim team.
